DE SALES UNIVERSITY

SUMMER VIDEO INSTITUTE: JUNE 17 TO 22, 2024

ADVANCED SUMMER VIDEO INSTITUTE: JULY 8 TO 13, 2024

FOR AGES 13 AND UP

*COLLEGE CREDIT AVAILABLE

Summer Video Institutes

THE INSTITUTE • June 17 to 22, 2024

The Summer Video Institute (SVI) at DeSales offers students an introduction to the theories of techniques of digital movie making. Each student will create a minimum of two short films and potentially collaborate on a larger scale production. Students will hear lectures on how to design, shoot, stabilize, and edit films of your own creation. Other topics will include scriptwriting, Adobe Premiere, and sound and stabilization techniques. Students will also interact and receive project support from current seniors and graduates of the TV/Film Department on a daily basis. Students will be introduced to the University's new virtual production studio. At the end of the program, the final films will be celebrated with a live screening in our 100-seat, 7.1 surround sound screening room.

Application deadline: June 4, 2024

ADVANCED SUMMER VIDEO INSTITUTE • July 8 to 13, 2024

The Advanced Summer Video Institute (ASVI) offers students already skilled in filmmaking an intensive hands-on course in shooting. Students will work with advanced Digital Cinema Cameras such as the RED, Panasonic EVA, and Blackmagic 6K. Instruction will also include advanced stabilization devices as well utilizing the University's new virtual production facilities. We will focus on the techniques needed to create and implement a short film project. Students will begin the Institute with DeSales faculty members hosting a screenwriting workshop, then working together to create a film. At the end of this intensive six-day program, the final project will be screening in our 7.1 surround sound screening room to an invited audience. The student will leave with the finished group project. **Application deadline: June 30, 2024**

For more information email chuck.gloman@desales.edu or call 610.282.1100, ext. 1683.

*Students who will graduate from high school before 2025 will receive 3 college credits.
